

RM6017 Postal Goods, Services and Solutions

PLEASE NOTE: 36 suppliers were awarded across all 10 lots of the framework agreement. CCS are currently working to complete assurance activities with each supplier and once a supplier's assurance checks are complete they will be made live and fully on-boarded to the framework. A supplier is not eligible to participate in a Call-Off Procedure or to enter a Call-Off Contract until their assurance checks are complete and they are made live in the 'Products and suppliers' tab of the RM6017 web page. Where a supplier is awarded to multiple lots of the framework, their assurance checks and transition to a live status may not be completed for all lots at the same time.

Please also review the 'Products and suppliers' tab of our website for further confirmation of which suppliers are fully compliant and live on each lot.
