

Training Solutions for the Emergency Services and Wider Public Sector

Dynamic Purchasing System (DPS)

User Guide

Ref No: 999

About YPO

YPO provides procurement solutions for public sector organisations to set up or renew contracts for a wide range of services. Established in 1974 by a group of 13 local authorities, we’re the UK’s largest public sector buying organisation and we’re still 100% publicly-owned today. We work closely with our suppliers and collaborate with other public sector buying organisations to achieve efficiencies and value for money, returning all our profits back into the heart of the public sector. Our team of qualified procurement professionals can offer advice, guidance and expertise on procurement, as well as regular engagement and communication to make sure your objectives are achieved.

Helping you navigate the world of your procurement

The world of procurement is complex, with competing demands and increasing pressures. Through collaboration, we provide products and services to meet your needs as individuals and collectives, through our wide range of procurement categories and frameworks. Navigating the world of procurement needs to be easy, quick and effective for both buyers and suppliers, and needs to help you make sure that every penny counts. We believe that through our procurement activity there’s an opportunity to make an impact and a real difference, by delivering social value and outcomes in the communities we serve.

Overview

Start date:	10 April 2020
Expiry date:	9 April 2022
Extension(s) (if applicable):	Up to 9 April 2024

Specification, overview and lot structure

CATEGORY 1 – FIREFIGHTER FOUNDATION AND DEVELOPMENT DESCRIPTION

YPO are looking for suppliers/providers to be appointed onto a dynamic purchasing system (DPS) for the provision of the following training solutions:

Firefighter Foundation and Development

Suppliers/providers should ideally be able to supply a comprehensive range of training solutions that fall within this category including (but not limited to) courses such as:

- Firefighter Development Programme
- On Call Firefighter Development Programme – Core Skills

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required, together with full details of their requirements. Suppliers/providers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

All services provided within this category must conform and comply to all relevant and/or equivalent up to date legislation and standards as a minimum including any recent or ongoing standards that are currently in the process of being updated including (but not limited to):

National Occupational Standards

- CFF 01: Respond to Operational Incidents Requiring Breathing Apparatus
- CFF 02: Extricate Casualties from Situations of Entrapment
- CFF 03: Operate Fire Service Water Pumps
- CFF 04: Provide a First Response to Water Based Incidents
- FF 3: Save and Preserve Endangered Life
- FF 4: Resolve Fire and Rescue Operational Incidents
- FF 5: Protect the Environment from the Effects of Hazardous Materials
- NFPA Standard 1006

Suppliers/providers will, and will ensure that any staff, servants and agents involved in the provision of these services comply with any applicable laws, regulations and guidance. Additionally, the supplier/provider will ensure that the services are provided by appropriately experienced, qualified and trained staff, servants and agents with all due skill, care and diligence including good industry practice.

The exact standards and accreditation will be specified by the customer at further competition stage.

Customers will write their own specification at further competition stage to suit their exact requirements.

Specification, overview and lot structure

CATEGORY 2 – FIRE SERVICE OPERATIONS DESCRIPTION

YPO are looking for suppliers/providers to be appointed onto a dynamic purchasing system (DPS) for the provision of the following training solutions:

Fire Service Operations

Suppliers/providers should ideally be able to supply a comprehensive range of training solutions that fall within this category including (but not limited to) courses such as:

- Breathing Apparatus Training
- Fire Team Leader
- Fire Team Members
- Tactical Ship Firefighting
- Trench Rescue Technician
- Heavy Vehicle Rescue
- Road Traffic Collision and Vehicle Extrication
- Road Traffic Collision Investigation Specialist
- Basement Firefighting Training
- Urban Search and Rescue

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required together with full details of their requirements. Supplier/providers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

All services provided within this category must conform and comply to all relevant and/or equivalent up to date legislation and standards as a minimum including any recent or ongoing standards that are currently in the process of being updated including (but not limited to) –

- National Occupational Standards:
 - FF1, FF2, FF3, FF4, FF5, FF6, FF7, FF8, WM7
 - JOIFF

Suppliers/providers will, and will ensure that any staff, servants and agents involved in the provision of these services comply with any applicable laws, regulations and guidance. Additionally, the supplier/provider will ensure that the services are provided by appropriately experienced, qualified and trained staff, servants and agents with all due skill, care and diligence including good industry practice.

The exact standards, legislation and accreditation will be specified by the customer at further competition stage.

Customers will write their own specification at further competition stage to suit their exact requirements.

Specification, overview and lot structure

CATEGORY 3 – PREVENTION AND PROTECTION DESCRIPTION

YPO are looking for suppliers/providers to be appointed onto a dynamic purchasing system (DPS) for the provision of the following training solutions:

Prevention and Protection

Suppliers/providers should ideally be able to supply a comprehensive range of training solutions that fall within this category including (but not limited to) courses such as:

- Fire Safety Management
- Fire Marshals
- Practical Fire Investigation
- Fire Safety Engineering Principles
- Fire Alarm and Emergency Lighting
- Portable Fire Extinguisher Recharging and Maintenance
- Fire Safety Management in High Risk Premises
- Fire Safety Management in Non-Residential Premises
- Fire Safety Management in Healthcare Premises
- Fire Safety Management in Healthcare Premises – Risk Assessment
- Fire Safety Foundation – Level 3
- Level 3 Certificate in Fire Safety – Fire Auditors
- Level 4 Certificate in Fire Safety – Fire Auditors
- Level 4 Diploma in Fire Safety – Fire Inspectors
- Introduction to BS9999
- Fire Safety Sprinklers
- Fire Safety Residential Sprinklers
- Fire Safety Buildings Regulations and Guidance
- Community Fire Safety
- Fire Safety Principles – Fire Warden
- Fire Risk Assessments
- Fire Warden/Marshal Refresher

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required together with full details of their requirements. Suppliers/providers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

All services provided within this category must conform and comply to all relevant and/or equivalent up to date legislation and standards as a minimum including any recent or ongoing standards that are currently in the process of being updated including (but not limited to) –

National Occupational Standards Fire and Rescue

- FSA 1, FSA 2, FSA 3
- FSA 1.1, FSA 1.2
- FSB 3.1, FSB 3.2, FSB 3.3,
- FSB 4.1,
- FSB 5.1,
- FSB 7.1,
- FSC 1.1, FSC 1.2, FSC 1.3
- IFE
- BAFE
- JOIFF

Specification, overview and lot structure

REQUIREMENTS

Suppliers/providers will, and will ensure that any staff, servants and agents involved in the provision of these services comply with any applicable laws, regulations and guidance. Additionally, the supplier/provider will ensure that the services are provided by appropriately experienced, qualified and trained staff, servants and agents with all due skill, care and diligence including good industry practice.

The exact standards, legislation and accreditation will be specified by the customer at further competition stage.

CATEGORY 4 – HAZERDOUS MATERIALS DESCRIPTION

YPO are looking for suppliers/providers to be appointed onto a dynamic purchasing system (DPS) for the provision of the following training solutions:

Hazardous Materials (HAZMAT)

Suppliers/providers should ideally be able to supply a comprehensive range of training solutions that fall within this category including (but not limited to) courses such as:

- Hazardous Material First Responder
- Hazardous Material Advisor
- Hazardous Material Advisor Refresher
- Hazardous Material Instructor
- HAZMAT Identification
- DIM Officer (Detection, Identification and Monitoring)
- HAZMAT Officer
- HAZMAT Re-Validation

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required together with full details of their requirements. Suppliers/providers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

All services provided within this category must conform and comply to all relevant and/or equivalent up to date legislation and standards as a minimum including any recent or ongoing standards that are currently in the process of being updated including (but not limited to) –

National Occupational Standards:

- 048 Environmental Risks and Control
- 059 Dealing with Hazmat Incidents
- NOG Foundation for Hazardous Materials
- JOIFF

Suppliers/providers will, and will ensure that any staff, servants and agents involved in the provision of these services comply with any applicable laws, regulations and guidance. Additionally, the supplier/provider will ensure that the services are provided by appropriately experienced, qualified and trained staff, servants and agents with all due skill, care and diligence including good industry practice.

The exact standards, legislation and accreditation will be specified by the customer at further competition stage.

Customers will write their own specification at further competition stage to suit their exact requirements.

Specification, overview and lot structure

CATEGORY 5 – INCIDENT COMMAND DESCRIPTION

YPO are looking for suppliers/providers to be appointed onto a dynamic purchasing system (DPS) for the provision of the following training solutions:

Incident Command

Suppliers/providers should ideally be able to supply a comprehensive range of training solutions that fall within this category including (but not limited to) courses such as:

- Initial Incident Command in the Fire Service – Development Level 1
- Intermediate Incident Command in the Fire Service – Development Level 1
- Intermediate Incident Command in the Fire Service – Development Level 2
- Intermediate Incident Command in the Fire Service – Re-validation
- Advanced Tactical Incident Command in the Fire Service – Level 3
- Strategic (Gold) Command in Fire Service – Level 4
- Incident Command Gold Command – Multi Agency
- National Interagency Liaison Officer
- Incident Command Train the Trainer
- NILO – National Inter-Agency Liaison Officer

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required together with full details of their requirements. Suppliers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

All services provided within this category must conform and comply to all relevant and/or equivalent up to date legislation and standards as a minimum including any recent or ongoing standards that are currently in the process of being updated including (but not limited to) –

Skills for Justice:

- SFJ CCAA1, CCAA2, CCAA3, CCAB1, CCAC1
- National Occupational Standards FRS:
- EFSM1, EFSM2
- JOIFF

It is not essential that suppliers/providers can offer every training course mentioned within this non-exhaustive list. During the further competition the customer will give an indication of which training courses will be required together with full details of their requirements. Suppliers/providers who have been awarded onto this category will be able to opt-out of any further competition opportunity if they are unable to meet the customers full requirements and/or specification.

REQUIREMENTS

Suppliers/providers will, and will ensure that any staff, servants and agents involved in the provision of these services comply with any applicable laws, regulations and guidance. Additionally, the supplier/provider will ensure that the services are provided by appropriately experienced, qualified and trained staff, servants and agents with all due skill, care and diligence including good industry practice.

Any required standards, legislation and accreditations will be specified by the customer at further competition stage. Customers will write their own specification at further competition stage to suit their exact requirements.

Benefits of using the DPS

A dynamic purchasing system (DPS) is an electronic system established to purchase goods, works or services which remains open throughout its duration for the ongoing admission of suppliers/providers meeting the minimum selection criteria and allows pre-qualified suppliers/providers to participate in customer's further competition for in scope services.

Benefits of using the DPS:

- YPO can fully manage the customer's further competition (call-off) process if required
- Flexibility to respond to changes in the market and offer local suppliers/providers and SME's the opportunity to bid and be awarded to the DPS
- Suppliers/providers not meeting the minimum standard for admittance onto the DPS can resubmit
- Reduced timescales – customers do not need to run a full OJEU procurement if procuring via the DPS
- Assured supplier/provider standards – suppliers/providers appointed onto the DPS are 'pre-qualified' as to their general suitability
- Aggregation of spend – customers will receive the benefits of the aggregated spend volume and increased leverage in the market
- Pre-defined terms and conditions – when awarding contracts customers have the option to use YPO's call-off terms and conditions as established and previewed by eligible suppliers/providers, their own terms and conditions

Suppliers/providers

The advantage of a DPS arrangement is that new suppliers/providers can be admitted during the term of the DPS, subject to them passing the mandatory minimum selection criteria. To request the latest supplier/provider list, please email training@ypo.co.uk

At the time of returning the signed Non-Disclosure and Customer Access Agreement, customers can provide YPO with a list of their incumbent and local suppliers/providers that are not already awarded on to the DPS. YPO are then able to work on the customer's behalf with these suppliers/providers to explain the process and evaluate any subsequent submissions. Customers can then decide when to conduct the further competition.

How to use the DPS

To access the DPS, customers should complete and return the Non-Disclosure and Customer Access Agreement. YPO can then pre-agree the level of support that might be required and can provide customers with templates, advice and guidance to undertake a compliant further competition.

Customers can undertake the further competition process themselves but must be aware that this is a resource intensive process and if customers undertake their own further competition YPO must be informed by emailing training@ypo.co.uk

How to award/ call-off from the DPS

No direct award option is available under any DPS arrangement, so a further competition is required. YPO can help customers produce specifications, qualitative questions, pricing schedules and evaluation criteria to undertake a further competition. Clarification responses, evaluation of further competition submissions, drafting of award letters and contracts and applicable Contract Award Notices are elements of the process that will need to be completed by the customer. Customers must inform YPO of the outcome of any further competition they undertake themselves.

When running a further competition, customers should award based on the most economically advantageous response and must provide suppliers/providers with the evaluation methodology, including the evaluation criteria and the weightings applied to each criterion.

The selection criteria used to establish the DPS was:

CRITERION	PERCENTAGE WEIGHTINGS
Cost	60% - the full weighting will be opened for evaluation at the further competition stage
Quality, sustainability and corporate social responsibility	40% - the full weighting will be opened for evaluation at the further competition stage

Customers, at their discretion and own risk may decide to select alternative weightings to suit their specific requirements. Customers may also select different weightings for different categories (at their own risk) to suit their individual requirements.

YPO envisages that the quality, sustainability and corporate social responsibility award criteria may be made up of (but not limited to) the questions under the areas listed below:

- Quality of Service
- Supplier Standards and Certification
- Social Value
- Sustainability
- Corporate Social Responsibility
- Customer Service and Account Management
- Delivery
- Lead Times
- Innovation and Added Value

Evaluation must be fair and transparent, and the methodologies used to evaluate must be provided to the suppliers/providers within the further competition documentation.

Term and conditions

Suppliers/providers awarded on to the DPS have agreed to and signed YPO's Establishment Agreement Terms and Conditions. The call-off terms and conditions can be amended by the CA and supplier/provider by mutual agreement to include additional terms to supplement the DPS Establishment Terms and Conditions. A variation form is included in the DPS Establishment Terms and Conditions document to allow customers and suppliers/providers to amend any terms if required.

If the customer proposes any amendments to the DPS Establishment Agreement Terms and Conditions these must be provided to suppliers/providers in the further competition documentation. This will then allow all suppliers/providers on the DPS to consider any amendments and bid accordingly.

STAGE 1

Initial Customer Enquiry

- Customer contacts YPO for information
- YPO will send customer a copy of the User Guide, NDA and Access Agreement
- Customer completes and returns NDA and Access Agreement
- Customer may provide YPO with a list of local suppliers/providers that need to be approached to be included onto the DPS
- YPO will evaluate the additional suppliers/providers in advance of the further competition

**STAGE 2**

NDS/Access Agreement Returned to YPO

- Following receipt of signed NDA/Access Agreement YPO may send the customer a Further Competition Template, Bank of Optional Questions, and DPS Scope
- YPO may provide the customer with a unique reference code for the further competition, which will be referenced on all documentation
- Customer completes the documents and sends to YPO
- If the customer decides to undertake their own further competition YPO must be informed via e-mail

**STAGE 3**

Additional Suppliers/Providers

- Any additional suppliers/providers can submit a response to be added to the DPS, and YPO will evaluate the submissions to ensure that they meet the minimum criteria
- YPO will inform the supplier/provider of the outcome and the DPS will be updated with the new supplier/provider details

**STAGE 4**

Further Competition

- YPO will issue further competition documents to all suppliers/providers on the DPS. Suppliers/providers will be given a minimum of 10 days to submit their bid
- YPO will manage any clarifications that are received from potential suppliers/providers (customers will need to provide clarification responses)
- At the submission closing date YPO will provide customers with access to all submissions
- Customers can then evaluate the submissions and prepare acceptance and rejection letters

**STAGE 5**

Contract Award

- YPO will issue the award decision documentation (acceptance and rejection letters) via YPO's e-portal
- Optional 10-day standstill period: customers are advised to implement a voluntary standstill period of 10 days
- A Contract Award Notice (OJEU and Contracts Finder) following any award via the DPS must be published by the customer within 30 days of the award
