

Sports and activity resource guide for primary schools

If you're finding it tricky to determine what sports items you need, especially with the added complication of COVID-19, then we can help.

Our sports buyer has created this handy guide, designed to make it easier than ever to self-audit the sports and activity resources your primary school has. The guide contains suggestions of PE equipment essentials based on the key stage statements for what children should achieve at Key Stage 1 and Key Stage 2 of the PE Curriculum.

Take a look at the popular sports items that have been included under each key stage statement, for ideas on which sports can be used to teach different skills.

Movement

Master basic movements such as running, jumping, throwing and catching. Use these disciplines in isolation and in combination.

Helping schools and PE subject leaders maximise their impact

SPIRALPE™ is an online platform, helping schools across the UK to identify interventions, track progress and celebrate their successes without increasing their workload.

The platform includes:

- Complete lesson plans for reception to year 6
- Assessment framework
- Teacher confidence tracker
- Reporting suite
- Club and fixture manager
